

PARTNERS empowerHER UK

empowerHER UK was formed with a very specific mission—to empower, support and connect girls and young women who have experienced the loss of their mothers. empowerHER UK **EVENTS for GIRLS** offer peer support and a caring community, reminding the girls they are not alone in their grief. Additionally, empowerHER UK offers a **MENTOR PROGRAM** with positive role models for year-round support. empowerHER UK is a true pioneer in children’s bereavement and serves girls of mother loss in a volunteer-driven, community-based, and non-therapeutic model.

“ I was nine years old when my mother Kit died of breast cancer and I grew up desperate to meet another girl just like me. All I ever wanted to do was take girls away on Mother’s Day to show them they weren’t alone in their grief. Today, we get to do just that. ”

Founder + Ceo, Cara Belvin

Why empowerHER UK?

CHILDHOOD BEREAVEMENT is more common than people realize, and it is estimated that 7 thousand children will experience the death of a mother each year before they reach the age of 16. For most young girls, their mother is the most influential figure in her life. The loss of this maternal compass leaves daughters feeling isolated and “different” from their peers.

3 GRIEF-CARE PROTECTIVE FACTORS essential for healthy development include: Caring Community, Positive Role Models, and Peer Support. Loss during childhood often results in profound stress and adversity and without appropriate support, the loss may derail a young girl’s development. Access to these 3 grief-care protective factors is essential.
